## **CITY COUNCIL**

The City Council, consisting of a Mayor and five Councilmembers elected by the people, is the governing body of the City of Santa Fe. As the legislative body, the Council is responsible for the care, management and control of the City. This can be accomplished through policymaking, which includes identifying the needs of local residents, formulating programs to meet the changing requirements of the community, and measuring the effectiveness of ongoing municipal services.

In making policy decisions, the Council avails itself to all the advice and counsel to which it has access. This involves the close consideration of the many appointments which it must make from the City Manager to the various advisory boards and study groups, all of whom the Council strives to use for assistance in policy-making decisions and in determining the scope and functions of the city government.

**MISSION  
STATEMENT  
AND GOALS**

# CITY OF SANTA FE

## Mission Statement

The City of Santa Fe is dedicated to making the best use of its resources as a city government – human, financial, technical, and legal – to support our unique quality of life in Santa Fe and make our community a great place to live, work, and raise a family.

The following principles will guide our actions in furtherance of this mission:

1. We will strive to always look for a better way to serve our citizen customers.
2. We will treat each employee and citizen with honesty, consideration, and respect.

## General Goals

Community Safety and Security. To preserve and promote the safety of individuals and property in Santa Fe. (police, fire, EMS, code enforcement, animal control)

Physical Resources. To preserve the physical and capital resources that support the residential and economic health of the community through well-planned maintenance and development. (streets, drainage, utilities, planning, building and development regulation)

Community Enrichment. To provide educational, cultural and leisure opportunities for Santa Fe residents. (library, parks and recreation)

General Government. To provide the leadership and support services necessary for the efficient and effective operation of city government. (city council, administration, tax collection)

Re: 2014-2015 Budget Message

Dear Mayor and Council Members:

In accordance with Article 9, Section 9.03 of the Charter of the City of Santa Fe, Texas, submitted herewith and for your consideration is the budget for governmental operations for the City of Santa Fe for the fiscal year 2014-2015 and the budget message.

This budget contains the following:

1. An estimate of the revenues from all sources for the 2014-2015 fiscal year along with a comparative statement of the budgeted and projected revenues for the current fiscal year.
2. An estimate of expenditures for the 2014-2015 fiscal year and the budgeted and projected expenditures for the current fiscal year.
3. Detail departmental expenditures with line item explanations.
4. Capital Improvement Plan (CIP)

The budget document has been prepared in accordance with principles of municipal finance and the revenue estimates are based on a 96 percent collection rate of current ad valorem taxes. The budget is based on the tax rate of \$0.3074 on the 2014 freeze adjusted taxable value of \$494,812,070. In addition to the debt service tax rate of 0.0515 the total tax rate for the City is 0.3589. Of that value \$7,036,618 is new and improved structures add to the tax roll this year. This proposed tax rate is the effective tax rate which is a decrease of 0.0098 from the 2013-2014 tax rate of 0.3172. The certified freeze ceiling (taxes frozen for over 65 and disabled) is \$252,916. The total budget for the 2014-2015 fiscal year is \$4,846,263 as compared to the 2013-2014 amended budget of \$5,138,412; a decrease of \$292,149. An amount of \$231,369 has been appropriated from the fund balance leaving an estimated ending fund balance of \$1,192,917.

The City's Investment Portfolio as of June 30, 2014, shows the City currently holds seven (7) CD's through Texas First Bank with a book value of \$891,023.32 which is 34.14 percent of the portfolio plus one money market account valued at \$32,190.02. Two money market accounts with BBVA Compass Bank in the amount of \$248,966.44 plus the operating account of \$500.58 together comprising 9.56% of the portfolio. The average quarterly yield for the CD's was .30 percent. For the same period \$75,144.67 or 2.88 percent of the portfolio is invested with TexPool and \$495,367.73 or 18.99 percent is invested with Logic. The average quarterly yield for TexPool and Logic was .03 percent and .10 percent respectively. Total unrestricted investments amount to \$1,743,192.76.

Highlights of the 2014-2015 budget are:

**New Capital Expenditures:**

- 2<sup>nd</sup> of 3 payments on Building and Grounds Maintenance Building
- 2 computers, one each for accounting clerk and permit clerk
- 3 computers, one each for court clerks and city marshal; payment for new server in Justice Center, partially funded by court technology fund.
- Annual payment for court camera system, funded by court security fund.
- Purchase of evidence tracking software and shredder.
- Annual payment on radios, in-car video camera, telephone expansion and radio antennas, partially funded by the seized fund account.
- Final payment on four police vehicles and purchase of one used vehicle for CID.
- One used pickup for Street Department
- Annual payment on slopemower and sidemower.
- Street improvements

**Personnel Expenditures:**

- Effective January 1, 2014 a 3% across the board wage increase which includes Collective Bargaining personnel
- Addition of a mechanic for all city vehicles which will be under the supervision of the Street Superintendent
- 3% increase in medical, dental and vision group insurance premiums
- 0.08% decrease in City's retirement match

**Public Safety:**

- \$3,097 increase for the maintenance and operation of new Galveston County Animal Resource Center

**Other:**

- The City will revise the current Storm Water Management Plan thus taking on that responsibility and eliminating the \$12,000 contract with Galveston County.

**Capital Improvement Plan:**

The 2013-2017 Capital Improvement Plan (CIP) approved by Council includes:

- The building of the new Justice Center which will house the Police Department and Municipal Court which has been completed in 2014.
- Expansion of the Mae S. Bruce Library
- Improvements to the Thelma Webber Community Center
- Increased street improvements

I wish to express my sincere appreciation to this Council, the City Secretary, and Department Heads for the research and dedication of time and teamwork in the preparation of this budget.

Respectfully submitted,

Joe Dickson  
City Manager

# **GENERAL FUND**

## **GENERAL FUND**

The general fund is the City's main operating fund, receiving and accounting for the city's tax revenues. In addition to property and sales taxes, which make up the bulk of the revenues in the general fund, the fund also includes revenues derived from fines and forfeits, utility franchise fees, license and permit fees, payments from other governmental entities, and several other miscellaneous general revenue sources.

The general fund is also the fund which accounts for general purpose expenditures for most city government functions, unless such functions and/or certain revenues are required, for legal, policy, or other reasons, to be accounted for separately.

The general fund contains such city services as police protection, library services, street maintenance, parks, planning, health, finance, administration, and others. The City Council is the final authority over allocations in the general fund budget.

ORDINANCE #09-2014**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SANTA FE,  
TEXAS, ESTABLISHING AN AD VALOREM TAX RATE; DATE WHEN  
AD VALOREM TAXES BECOME DELINQUENT; RATE AS OF  
ASSESSMENT; PROVIDING FOR CERTAIN EXEMPTIONS; PENALTY  
AND INTEREST FOR DELINQUENT TAXES AND SAVINGS CLAUSE**

\* \* \* \* \*

**WHEREAS**, the Chief Appraiser of the Galveston Central Appraisal District has prepared and certified the appraisal roll of the City of Santa Fe, Texas; and

**WHEREAS**, the Galveston County Tax Assessor Collector has performed the statutory calculations required by Section 26.04 of the Texas Tax Code, has published the effective and rollback tax rate, and has fulfilled all other requirements for publication as contained in Section 26.04(e) of the Texas Tax Code; and

**WHEREAS**, the City Council has complied with all applicable requirements of the Texas Tax Code prior to the setting of the tax rate;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SANTA FE, TEXAS:**

Section 1. That Ad Valorem property taxes for the year 2014 shall be levied and collected for the maintenance and support of the municipal government of the City of Santa Fe, Texas, at the rate of \$0.3589 per ONE HUNDRED DOLLARS (\$100.00) valuation on all real and personal property located within the Corporate Limits of the City of Santa Fe, Texas, as of January 1, 2014, subject to all exceptions and exemptions provided by the Constitution and Statutes of the State of Texas and the exemptions as provided in Section 4 hereof, for the purpose hereinafter stipulated:

- a) For the maintenance and support of the general government General Fund, \$0.3074 on each One Hundred Dollars (\$100.00) valuation of property; and
- b) For the interest and sinking of existing debt service of the general government Debt Service Fund, \$0.0515 on each One Hundred Dollars (\$100.00) valuation of property.

Section 2. That all property to be assessed under or in compliance with Section 1 hereby shall be assessed at ONE HUNDRED PERCENT (100%) of the actual market value.

Section 3. Ad Valorem property taxes for the year 2014 shall be deemed delinquent if not paid prior to February 1, 2015.

Section 4. The first FIFTEEN THOUSAND DOLLARS (\$15,000.00) of the market value of residence homesteads of persons, married or unmarried, including those living alone, who are under a disability for purposes of payment of disability insurance benefits under Federal Old Age, Survivors and Disability Insurance or its successors or of married or unmarried persons sixty-five (65) years of age or older, including those living alone, shall be exempt from all Ad Valorem taxes hereby levied. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions in the same year but may choose either. Exemptions shall be allowed for disabled veterans, as defined by Section 2, of Article VIII of the Constitution of the State of Texas to the maximum extent as allowed thereby. All lands designated as agricultural lands under the provisions of Article VIII of the Constitution of the State of Texas shall be eligible for agricultural valuation.

Section 5. An ad valorem tax freeze on the homesteads of disabled individuals or individuals age sixty-five or older, which is governed by §11.261 of the Tax Code, has been established by Ordinance No. 06-2004 of March 11, 2004, and remains in effect according to the terms set out in those regulations.

Section 6. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1, 2015. However, a tax delinquent on July 1, 2015 incurs a total penalty of twelve percent (12%) of the amount of the delinquent tax without regard to the number of months the tax has been delinquent. A delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month the tax remains unpaid.

Section 7. An additional penalty of twenty percent (20%) of the amount of taxes, penalty, and interest due shall be charged if collection of the same has been placed in the hands of an attorney pursuant to the terms of Section 33.07 and Section 6.30 of the Property Tax Code.

Section 8. If any Section, paragraph, subdivision, clause, phrase, or provision of this Ordinance shall be adjudicated, invalid, or unconstitutional, or be unenforceable, for any reason, the same shall not affect the validity of the remainder of this Ordinance.

**PASSED AND APPROVED** by the affirmative vote of a majority of the entire City Council of the City of Santa Fe, Texas, this 11<sup>th</sup> day of September, 2014.

# POLICIES

# CITY OF SANTA FE

## POLICIES

\* \* \* \* \*

The following city policies are utilized by City staff in the ongoing activities of day-to-day management. These policies have been established by the City Council and are reviewed periodically. Policies are revised on an as-needed basis, to meet our current and future needs.

### BUDGET POLICY

To guide the budgeting process to ensure proper and effective financial management.

### SPECIAL PROJECTS FUND POLICY

To guide and direct the funding of special projects as first determined and recommended by the Santa Fe Economic Development Commission and then subsequently the City Council. (Prior to October 1, 2001, this policy was known as the Economic Development Fund Policy.)

### INVESTMENT POLICY

To guide and promote effective management of city funds.

### PURCHASING POLICY

To guide and direct the purchasing process of the City in order to acquire quality products and services at the most cost effective price or best value for the city.

### CAPITAL ASSET POLICY

To provide control and accountability over capital assets and to gather and maintain information needed for the preparation of financial statements.

### CODE OF CONDUCT

To provide guidance and convey expectations to public officials and employees in the conduct of their public and private actions and financial matters.

### PURCHASING CARD PROGRAM

To provide the City with an efficient and controllable method of making commodity, service, and travel purchases for the benefit of the City through a credit card issued by a purchasing card provider.

# **BUDGET POLICY**

## 1.00 General.

The budget of the City of Santa Fe is developed and enacted by the authority of the City Council under Chapter 102 of the Local Government Code and under Article 9 of the City Charter. This policy is designed to provide guidance to the City Council in exercising its budget responsibilities and in complying with the provisions of the City Charter. It is anticipated that future city councils will review this policy and make revisions as necessary.

## 2.00 Budget Process.

Prior to the submittal of the proposed budget by the City Manager, the City Council will provide the City Manager with guidance as to budget priorities for the coming fiscal year.

The City Council will review and discuss the proposed budget at one or more public meetings separate from and prior to the meeting at which the budget is adopted.

## 3.00 Revenue Estimates.

Revenue estimates in the budget will be based conservatively on recent historical collection data and on appropriate indicators of the local economy. The City Manager will monitor revenues throughout the fiscal year. If it becomes apparent that revenues will be less than budget estimates, the City Manager will inform the City Council and initiate corrective measures, mitigating any adverse impact on the city's fund balance.

## 4.00 Contingency Fund.

The budget may contain a contingency fund not to exceed the amount established in the City Charter (5 percent of proposed general fund expenditures.) The contingency fund may be used for certain unanticipated expenditures which may arise during the fiscal year. Such expenditures must relate either to an emergency situation or to an extremely unusual circumstance or opportunity that could not have been reasonably foreseen at the time of adoption of the budget. No expenditure from the contingency fund may be made without approval of the City Council.

5.00 Fund Balance.

The City shall attempt to maintain a general fund balance at a level sufficient to allow for variation in cash flows during the year, emergency expenditures, and unanticipated revenue shortfalls.

For the purpose of this policy, the fund balance is defined as current assets less current liabilities at the end of the most recent fiscal year.

As a matter of policy, the target amount for the fund balance should be equal to approximately three months' operating expenditures.

*(Section 1.00 - 5.00 adopted by Council Resolution #1993-37 of 9 December 1993.)*

## **SPECIAL PROJECTS FUND POLICY**

### **1.00 General.**

The City Council established the Santa Fe Economic Development Review Commission (SFEDRC) by Resolution #1998-10 of July 9, 1998. The charge to the Commission was to review the need for economic development for the City and present proposals for implementation, if any, to the City Council. The Commission, by super majority, recommended that the City Council should develop an economic development program with primary emphasis on public works infrastructure improvements, identified as water/wastewater expansion, drainage, and streets/roads with secondary emphasis on parks. Since the passage of the Economic Development 4B sales tax in May, 2001, the City Council expanded the use of the fund to include Special Projects. All projects funded by this policy are reviewed and voted on by the City Council on a project by project basis.

### **2.00 Formula for Funding.**

In order to fund the economic development projects recommended by the SFEDRC as well as any special projects, Council has chosen to use the ad valorem tax revenue generated from new construction during the current year. Additionally, any revenue generated by an increase in the effective tax rate (ETR) may be designated for these projects. For the purposes of this policy, effective tax rate is the rate calculated after the one half cent sales tax for property tax reduction is applied. The following formula is used to determine that revenue:

1. New construction value from certified tax roll :  $100 \times \text{effective tax rate (ETR)}$
2. Total value from certified tax roll :  $100 \times \text{ETR}$
3. Total value from certified tax roll :  $100 \times \text{ETR} + 3\%$
4. Subtract 2 from 3
5. Add 1 and 4 = special projects funding

### **3.00 Intent.**

The above formula is intended to be used as a budgetary guide for funding of special projects during the current fiscal year. The Council may choose to fund more or less than the amount calculated by the formula. These funds are intended to be used to reinvest tax dollars generated from new growth the previous year into special projects for the current year. The amount of funding should be determined prior to formal adoption of the annual budget.

4.00 Projects.

Projects should be reviewed by Council and staff annually at the budget goal setting workshop. Project funding will be determined by a vote of the City Council, followed by a formal budget amendment as necessary. No funds budgeted will be automatically carried to the next fiscal year; however, budgeted funds may be moved to the Special Projects Fund Cash Account and reserved for future project funding by a vote of the City Council.

*(This policy includes all amendments made by the Council through the fiscal year 2001/2002, particularly Resolution #2001-19 of July 12, 2001, Resolution #2001-23 of September 13, 2001, Resolution #2001-33 of December, 2001, and Resolution #2003-02 of January 9, 2003.)*

# **INVESTMENT POLICY**

**INTRODUCTION.** The purpose of this document is to set forth the specific investment policy and strategy guidelines for the City of Santa Fe in order to achieve the goals of safety, liquidity, diversification, yield, and public trust for all investment activity. The City shall invest in a manner which will provide the highest rate of return with the maximum security while conforming to all state laws and statutes which govern the investment of public funds. The City Council of the City of Santa Fe shall review and adopt, by resolution, its investment strategies and policy not less than annually. The resolution shall include a record of the changes made to either the investment policy or strategy. This policy serves to satisfy the statutory requirement (specifically the Public Funds Investment Act, Article 342a-2 V.T.C.S. (the “Act”)) to define, adopt, and review a formal investment strategy and policy.

**INVESTMENT STRATEGY.** The City of Santa Fe maintains a portfolio which utilizes the investment strategy considerations designed to address the unique characteristics of the fund group represented in the portfolio. Investment strategies for operating funds, commingled pools containing operating funds, and reserve funds have as their primary objective to assure the safety of the principal amount involved and to assure that anticipated cash flows are matched with adequate investment liquidity. The secondary objective is to create a portfolio structure which will experience minimal volatility during economic cycles. This may be accomplished by purchasing high quality, short to medium term securities which will complement each other. The dollar weighted average maturity of 365 days or less will be calculated using the stated final maturity date of each security.

## **POLICY**

### **SCOPE.**

This investment policy applies to all financial assets and funds of the City of Santa Fe. These funds are accounted for in the city’s comprehensive annual financial report and include the general fund, special revenue funds, debt service funds, and all other funds of the city. This policy is also extended and applicable to funds of the City of Santa Fe Section 4B Economic Development Corporation (SFEDC). The terms “City” and “City Council” used throughout the policy may be substituted with “SFEDC” and “SFEDC Board of Directors” when applicable.

### **OBJECTIVES.**

The City of Santa Fe shall manage and invest its cash with five objectives, listed in order of priority: Safety, Liquidity, Diversification, Yield, and Public Trust. The safety of the

principal invested always remains the primary objective. All investments shall be designed and managed in a manner responsive to the public trust and consistent with state and local law, the city charter, and this policy.

The City shall maintain a comprehensive cash management program which includes collection of accounts receivable, vendor payment in accordance with invoice terms, and prudent investment of available cash. Cash management is defined as the process of managing monies in order to insure maximum cash availability and maximum yield on short-term investment of pooled idle cash.

Safety. The primary objective of the City's investment activity is the preservation of capital in the overall portfolio. Each investment transaction shall be conducted in a manner to avoid capital losses, whether from securities defaults or erosion of market value. This can be accomplished largely through legal means by restricting investments to obligations of U.S. governmental entities or fully-secured deposits in financial institutions.

Liquidity. The City's investment portfolio shall be structured such that the City is able to meet all obligations in a timely manner. This shall be achieved by matching investment maturities with forecasted cash flow requirements.

Diversification. Consistent with other elements of this policy, no more than two-thirds of the City's invested funds will be placed in any single type of investment or any single financial institution, unless that institution also functions as the City's primary depository.

Yield. The City's cash management portfolio shall be designed to maximize the dollar income received over time, not the effective rate of return shown as a percentage figure on any given day. Yield considerations shall give way to safety and liquidity goals.

Public Trust. All participants in the City's investment process shall seek to act responsibly as custodians of the public trust. Investment officials shall avoid any transaction which might impair public confidence in the City's ability to govern effectively.

## **RESPONSIBILITY AND CONTROL**

Investment Committee. An investment committee, consisting of the City Manager, the City Secretary/Treasurer, and the Director of Administrative Services, shall meet as necessary to discuss operational strategies and to monitor results.

Delegation of Authority and Training. Authority to manage the City's investment program is derived from a resolution of the City Council. The City Manager, City Secretary/Treasurer, and Director of Administrative Services are designated as investment officers of the City and are responsible for investment decisions and activities. The investment officers shall attend at least one training session relating to the officer's responsibility under the Act within twelve (12) months after assuming duties, with a subsequent training session not less than once every two (2) years and receive ten (10) hours of training. Such training from an independent source shall be approved or endorsed by either the Government Finance Officers Association of Texas (GFOAT), the Government Treasurers Organization of Texas (GTOT), the Texas Municipal League (TML), the University of North Texas (UNT), or the Texas Municipal Clerks Association (TMCA).

Internal Controls. The investment officers are responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the entity are protected from loss, theft, or misuse. The investment officers shall establish a process for annual independent review by an external auditor to assure compliance with policies and procedures. The results of this review shall be reported to the City Council in conjunction with the annual audit of the financial statements. The internal controls shall address the following points: custodial safekeeping; clear delegation of authority; written confirmation for voice transactions for investments and wire transfers; agreement with depository bank, third party custodian, and investment pools; and control of collusion.

Prudence. The standard of prudence to be applied by the investment officers shall be the "prudent investor" rule, which states: "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived." In determining whether an investment officer has exercised prudence with respect to an investment decision, the determination shall be made taking into consideration:

- a) The investment of all funds, or funds under the City's control, over which the officer had responsibility rather than a consideration as to the prudence of a single investment.
- b) Whether the investment decision was consistent with the written investment policy of the city.

The investment officer, acting in accordance with written procedures and exercising due diligence, shall not be held personally responsible for a specific security's credit risk or market price changes, provided that these deviations are reported immediately and that appropriate action is taken to control adverse developments.

**Ethics and Conflicts of Interest.** City staff involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair the ability to make impartial investment decisions. City staff shall disclose to the City Manager any material financial interests in financial institutions that conduct business with the city and they shall further disclose positions that could be related to the performance of the city's portfolio. City staff shall subordinate their personal financial transactions to those of the city, particularly with regard to timing of purchases and sales.

An investment officer of the city who has a personal business relationship with an organization seeking to sell an investment to the city shall file a statement disclosing that personal business interest. An investment officer who is related within the second degree by affinity or consanguinity to an individual seeking to sell an investment to the city shall file a statement disclosing that relationship. A statement required under this subsection must be filed with the Texas Ethics Commission and the governing body of the entity.

## **REPORTING**

**Quarterly Reporting.** The investment officers shall submit to the City Council a signed quarterly investment report that summarizes current market conditions, economic developments, and anticipated investment conditions. The report shall summarize investment strategies employed in the most recent quarter, and describe the portfolio in terms of investment securities, maturities, risk characteristics, and shall explain the total investment return for the quarter.

**Annual Report.** Within sixty (60) days of the end of the fiscal year, the investment officers shall present an annual report on the investment program and investment activity. This report may be presented as a component of the fourth quarter report to the City Council.

**Methods.** The quarterly investment report shall include a concise management summary that provides a clear picture of the status of the current investment portfolio and transactions made over the last quarter. This management summary shall be prepared in a manner which will allow the city to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report shall be prepared in compliance with generally accepted accounting principles. The report will be provided to the City Council. The report will include the following:

- a) A listing of individual securities held at the end of the reporting period. This list will include the name of the fund or pooled group fund for which each individual investment was acquired.

- b) Unrealized gains or losses resulting from appreciation or depreciation by listing the beginning and ending book and market value of securities for the period. Market values shall be obtained from financial institutions or portfolio reporting services independent from the broker/dealer from which the security was purchased.
- c) Additions and changes to the market value during the period.
- d) Fully accrued interest for the reporting period.
- e) Average weighted yield to maturity of portfolio on entity investments.
- f) Listing of investments by maturity date.
- g) The percentage of the total portfolio which each type of investment represents.
- h) Statement of compliance of the city's investment portfolio with state law and the investment strategy and policy approved by the City Council.

### **INVESTMENT PORTFOLIO**

**Active Portfolio Management.** The City shall pursue an active versus a passive portfolio management philosophy. That is, securities may be sold before they mature if market conditions present an opportunity for the city to benefit from the trade. The investment officers will routinely monitor the contents of the portfolio, the available markets, and the relative value of competing instruments, and will adjust the portfolio accordingly.

**Investments.** Assets of the City of Santa Fe may be invested in the following instruments; provided, however, that at no time shall assets of the city be invested in any instrument or security not authorized for investment under the Act, as the Act may from time to time be amended. The city is not required to liquidate investments that were authorized investments at the time of purchase. All investments shall be clearly legal and properly authorized under state and federal law and regulations, the city charter, and this policy.

#### ***Authorized Investments.***

- a) Obligations of the United States of America, its agencies and instrumentalities, which have a liquid market with a readily determinable market value.
- b) Direct obligations of the State of Texas and agencies thereof.
- c) Other obligations, the principal of and interest on which are unconditionally guaranteed by the State of Texas or United States of America.
- d) Certificates of Deposit and Share Certificates issued by a depository institution that has its main office or branch in Texas, guaranteed or insured by the Federal Deposit Insurance Corporation (FDIC) or its successor, the National Credit Union Share Insurance Fund (NCUA) or its successor, or

secured by obligations described in (a) through (c) above, which are intended to include all direct agency or instrumentality issued mortgage back securities rated AAA by a nationally recognized rating agency, or by Article 2529b-1, V.T.C.S., and that have a market value of not less than the principal amount of the certificates.

- e) Joint pools of political subdivisions in the State of Texas which invest in instruments and follow practices allowed by current law. A pool must be continuously rated no lower than AAA or AAA-m or at an equivalent rating by at least one nationally recognized rating service. Investment in pools will be made only after adoption of a resolution and a participation agreement by the City Council which specifically authorizes such investment. This investment policy does not supersede the investment policy of an authorized investment pool.

*Investments Not Authorized.* The City's authorized investment options are more restrictive than those allowed by state law. Investments not specifically authorized by this investment policy are prohibited.

Maturity. The maturity of the city's investment instruments shall reflect as nearly as possible the expenditure patterns of the city during the fiscal year. The investment officers may not invest more than 20 percent of the portfolio for a period greater than one (1) year and may not invest any portion of the portfolio for a period greater than two (2) years.

Risk and Diversification. The City of Santa Fe recognizes that investment risks can result from issuer defaults, market price changes, or various technical complications leading to temporary illiquidity. Risk is controlled through portfolio diversification which shall be achieved by the following general guidelines:

- a) Risk of issuer default is controlled by limiting investments to those instruments allowed by the Act and authorized by this policy, which are described herein.
- b) Risk of market price changes shall be controlled by avoiding over concentration of assets in a specific maturity sector, limitation on maximum investment maturity, and avoidance of over concentration of assets in specific instruments other than U.S. Treasury Securities and Insured or Collateralized Certificates of Deposits.

## **SELECTION OF BANKS AND DEALERS**

**Depository.** Before awarding a depository services contract to a depository, the city shall give notice as authorized and in accordance with state law, shall prepare a formal request for proposal (RFP), and shall receive applications for the performance of depository services from one or more banks, credit unions, or savings associations. Applications received by the municipality from a bank, credit union, or savings association that is not doing business within the municipality may be considered.

The primary objectives of the depository agreement are:

- a) to seek a financial institution that is both capable of providing banking services and willing to be attentive to the city's money matters;
- b) to maximize the total dollars earned by the city on invested monies in order to be prudent and effective custodians of the taxpayer's financial resources; and
- c) to maintain a good working relationship between the city and the depository.

In reviewing applications submitted, the City Council shall consider the terms and conditions for the performance of depository services along with the security of the funds to be deposited and shall award one or more depository services contracts taking into consideration the terms most favorable to the city. The city may execute separate contracts with financial institutions for additional financial services as necessary. The term of any agreement or contract for depository or financial services shall not exceed the maximum term allowed by state law.

**Investment Pools.** A thorough investigation of the pool is required prior to investing, and on a continual basis. All investment pools must supply the following information in order to be eligible to receive funds:

- a) the types of investments in which money is allowed to be invested;
- b) the maximum average dollar-weighted maturity allowed, based on the stated maturity date, by the pool;
- c) the maximum stated maturity date of any investment security with the portfolio;
- d) the objectives of the pool;
- e) the size of the pool;
- f) the names of the members of the advisory board of the pool and the dates their terms expire;
- g) the custodian bank that will safekeep the pool's assets;
- h) whether the intent of the pool is to maintain a net asset value of one dollar and the risk of market price fluctuation;

- i) whether the only source of payment is the assets of the pool at market value or whether there is a secondary source of payment, such as insurance or guarantees, and a description of the secondary source of payment
- j) the name and address of the independent auditor of the pool;
- k) the requirements to be satisfied for an entity to deposit funds in and withdraw funds from the pool and any deadlines or other operating policies required for the entity to invest funds in and withdraw funds from the pool;
- l) the performance history of the pool, including yield, average dollar-weighted maturities, and expense ratios; and
- m) a description of interest calculations and how interest is distributed, and how gains and losses are treated.

The investment officers shall conduct an annual review of the financial condition of all authorized investment pools.

**Brokers and Dealers.** The investment officers shall, at least annually, review, revise, and adopt a list of qualified brokers/dealers that are authorized to engage in investment transactions with the city. A list of at least three broker/dealers will be maintained in order to assure competitive bidding. Only brokers/dealers registered with the U.S. Securities and Exchange Commission and the Texas State Securities Board are eligible for consideration to engage in investment transactions with the city. The investment officers shall base their evaluation of brokers and dealers upon financial conditions, strength and capability to fulfill commitments, overall reputation with other dealers or investors, regulatory status of the dealer, and background, experience, and expertise of the individual representatives.

All financial institutions and brokers/dealers who desire to become qualified bidders for investment transactions must supply the following as appropriate: audited financial statements, certification of having read the city's investment policy signed by a qualified representative of the organization, and acknowledgment that the organization has

implemented reasonable procedures and controls in an effort to preclude transactions that are not authorized by this policy. *Qualified representative* means a person who holds a position with a business organization, who is authorized to act on behalf of the business organization, and who is one of the following:

- a) For a state or federal bank, a savings bank, or a state or federal credit union, a person authorized by corporate resolution to act on behalf of and bind the banking institution; or
- b) For an investment pool, the person authorized by the elected official or board with authority to administer the activities of the investment pool to sign the certification on behalf of the investment pool.

## **SAFEKEEPING AND CUSTODY**

**Insurance.** The Federal Deposit Insurance Corporation (FDIC) is the independent agency of the United States government that protects funds deposited in banks and savings associations, which includes checking and savings accounts, money market deposit accounts, and certificates of deposit. The standard insurance amount is \$250,000 per depositor, per insured bank, for each FDIC account ownership category. Therefore, all funds of the city are added together and insured up to \$250,000 per insured bank and all funds of the SFEDC are added together and insured up to \$250,000 per insured bank.

**Collateral.** Collateral, in addition to FDIC insurance, is not eligible to be pledged to the SFEDC because such separate government corporations do not fulfill the FDIC definition of a public unit so securities pledged to the SFEDC may not be honored by the FDIC. Therefore, deposited funds of the SFEDC may not exceed the FDIC insurance amount in any single bank or savings association.

Deposits and investments of city funds other than direct purchases of U. S. Treasuries or Agencies shall be secured by pledged collateral. In order to anticipate market changes and provide a level of security for all funds, the collateralization level will be 102 percent of market value of principal and accrued interest on the deposits or investments less an amount insured by the FDIC. Evidence of the pledged collateral shall be maintained by an investment officer or by a third party financial institution. Collateral shall be reviewed periodically to assure that the market value of the pledged securities is adequate. Deposit collateralization shall comply with all statutes applicable to governmental funds, including but not limited to the Financial Institutions Reform, Recovery, and Enforcement Act of 1989. All securities pledged are subject to the approval of the city. Requests for substitution of collateral securities or a change in the total amount of securities pledged are subject to written approval of the city.

**Safekeeping Agreement.** Collateral pledged to secure deposits of the city shall be held by a safekeeping institution in accordance with a safekeeping agreement which clearly defines the procedural steps for gaining access to the collateral should the City of Santa Fe determine that the city's funds are in jeopardy. The safekeeping institution, or Trustee, shall be the Federal Reserve Bank or an institution not affiliated with the firm pledging the collateral. The safekeeping agreement shall include the signatures of authorized representatives of the City of Santa Fe, the firm pledging the collateral, and the Trustee.

Collateral Defined. The City of Santa Fe shall accept only the following securities as collateral:

- a) FDIC insurance coverage.
- b) A bond, certificate of indebtedness, or Treasury Note of the United States, or other evidence of indebtedness of the United States that is guaranteed as to principal and interest by the United States.
- c) Obligations, the principal and interest on which, are unconditionally guaranteed or insured by the State of Texas.

Subject to Audit. All collateral shall be subject to inspection and audit by the city's investment officers and the city's independent auditors.

Delivery vs. Payment. Treasury Bills, Notes, Bonds, and Government Agencies' securities shall be purchased using the delivery vs. payment method. That is, funds shall not be wired or paid until verification has been made that the correct security was received by the Trustee. The security shall be held in the name of the city or held on behalf of the city. The Trustee's records shall assure the notation of the city's ownership of or explicit claim on the securities. The original copy of all safekeeping receipts shall be delivered to the city.

### **INVESTMENT POLICY ADOPTION**

The City of Santa Fe investment policy shall be adopted by resolution of the City Council. The policy shall be reviewed for effectiveness on an annual basis by the Investment Committee and any modifications will be recommended for approval by the City Council. The City Council shall review these investment policies and strategies not less than annually.

*(This investment policy adopted by Council Resolution #1998-14 of July 23, 1998, and has been reviewed and approved by the Council each year thereafter. The most recent review and approval by Council occurred on February 13, 2014, by Resolution #2014-01.)*

## **PURCHASING POLICY**

- 1.00 It is the policy of the City of Santa Fe to acquire quality products and services at the most cost effective price or best value for the city. Purchases will be made within budget limits and to meet goals and objectives approved in the city's budget. Potential purchases that are not within budget limits may require a budget amendment.
- 2.00 Purchases will be made from local vendors when this can be done without sacrificing quality or favorable cost. If items of similar quality can be purchased from local vendors at the same price as that offered by others, the local vendor shall be favored.
- 3.00 When competitive bids or quotations are taken, the lowest cost bid from a responsible vendor will prevail, other terms being equal. The right is reserved, as the interest of the City of Santa Fe may require, to reject any and all bids and to waive any informality in the bids received.
- 4.00 Purchases of less than \$100 require approval of the department head.
- 5.00 Purchases of \$100 or more require an approved purchase order prior to the purchase. Prenumbered purchase order forms are issued and controlled by the accounting department. A single form, the purchase order form, will also serve as the purchase request, but does not constitute authorization to purchase unless it includes the following:
1. A detailed description of the items or services, their purpose, and their estimated cost;
  2. The budget account number to which the purchase will be charged;
  3. Certification by the accounting department that unencumbered funds are available to acquire the goods or services
  4. Written approval of the Department Head; and
  5. Written approval of the City Manager.
- 6.00 Purchase requests for amounts between \$1,000 and \$25,000 must be accompanied by at least three (3) competitive price quotations, unless impractical. The quotations should be based on uniform specifications, and if the estimated purchase is in excess of \$2,000, must be formal written quotations supplied by the vendors. The City Manager may award bids for budgeted items of \$25,000 or less provided the amount of the bid does not exceed 20 percent more than the amount budgeted for that item or service, or \$25,000, whichever is less.

Purchasing Policy  
Page 2 of 2

- 7.00 Purchases in excess of \$25,000 are subject to the competitive sealed bidding requirements of State law, including advertising requirements. The City Manager or his/her designee may solicit bids for budgeted items without Council approval; however, the award of any bid over \$25,000 will be by Council action. Contracts for insurance are subject to the requirements of state law.
- 8.00 Purchases shall not be split into smaller purchases for the purpose of avoiding certain requirements of the Policy.
- 9.00 The City Manager may authorize the establishment and set the limit of petty cash funds to cover minor purchases of the city.
- 10.00 Blanket purchase orders may be used for certain vendors which are used on a high volume basis for a series of purchases over a period of time; or at the beginning of the fiscal year for fixed monthly payments such as lease purchase agreements. Blanket purchase orders must have an expiration date or a maximum dollar amount.
- 11.00 Emergency purchases, single source purchases, professional and personal services, purchases from other governmental entities, and cooperative purchases made under an interlocal contract may be exempt from the bidding requirements of this policy, consistent with State law. An emergency means an unforeseen circumstance beyond the control of the municipality that presents a real, immediate threat to the proper performance of essential functions or that will likely result in material loss or damage if immediate action is not taken.
- 12.00 Upon approval by the City Manager, store-issued charge cards and bank credit cards may be issued. They are to be used for city-authorized business purposes only in accordance with the credit card policy.
- 13.00 The City Manager may make administrative rules and regulations within the scope of this Policy, as may be necessary.

*(Original policy adopted by Council Resolution #1992-01 of January 9, 1992, and amended by Council Resolution #1994-17 of July 14, 1994, by Council Resolution #2005-04 of January 27, 2005, and by Council Resolution #2005-36 of December 8, 2005.)*

# CITY OF SANTA FE

## CAPITAL ASSET POLICY AND PROCEDURES

### POLICY GOAL.

The City is responsible for protecting and reporting all capital assets held by the City and for maintaining and safeguarding those assets. The goal of a capital asset inventory system and this policy is to provide control and accountability over capital assets and to gather and maintain information needed for the preparation of financial statements. These policies and procedures are the minimum requirements for capital assets; however, the capital asset inventory system may be maintained in greater detail with additional supporting documentation as long as the required minimum standards are met.

### VALUING AND CAPITALIZING ASSETS.

Capital assets are real or personal property that have a value equal to or greater than the capitalization threshold and have an estimated life of greater than one year. Capital assets should be valued at cost, including all ancillary charges necessary to place the asset in its intended location and condition for use. The value can be determined by one of the following methods:

**Purchased Assets** – Use historical costs including all appropriate ancillary costs less any discounts or rebates. If the historical cost is not practicably determinable, use estimated cost. Interest costs are not capitalized in governmental funds.

**Constructed Assets** – Capitalize all direct costs associated with construction and management costs of a construction project by using the actual project management costs when they are practicably discernible and directly associated with the project.

**Donated Assets** – Donated capital assets are recorded at estimated fair market value at the date of the donation plus appropriate ancillary costs. If the fair market value is not determinable due to a lack of sufficient records, use the estimated cost. If land is acquired by gift, the capitalized value is to reflect its appraised or fair market value at the time of the gift.

**Ancillary Costs** – Normally, ancillary costs should be included in the cost of a capital asset. However, minor ancillary costs, not measurable at the time a capital asset is recorded, are not required to be capitalized.

Ancillary costs for *Land* include:

- Legal and title fees;
- Professional fees of engineers, attorneys, appraisers, financial advisors, etc.;
- Surveying fees;
- Appraisal and negotiation fees;
- Site preparation costs; and
- Costs related to demolition of unwanted structures.

Ancillary costs for *Infrastructure* include:

- Professional fees of engineers, attorneys, appraisers, financial advisors, etc.;
- Surveying fees;
- Appraisal and negotiation fees;
- Site preparation costs; and
- Costs related to demolition of unwanted structures.

Ancillary costs for *Buildings and Building Improvements* include:

- Professional fees of architects, engineers, attorneys, architects, appraisers, etc.;
- Environmental compliance (i.e., asbestos abatement)
- Costs of fixtures permanently attached to a building or structure;
- Insurance premiums and related costs incurred during construction; and
- Any other costs necessary to place a building or structure into its intended location and condition for use.

Ancillary costs for *Furnishings, Equipment, or other capital assets* include:

- Transportation charges;
- Installation costs; and
- Any other normal or necessary costs required to place the asset in its intended location and condition for use.

## **DEFINITIONS.**

Land – The capitalized value of land includes the purchase price plus costs such as legal fees, fill, and any excavation costs incurred to put the land in condition for its intended use. Land is capitalized regardless of size or value and includes the amount of investment held in city-owned real estate. This asset class does not include land used or intended to be used for street or utility right of way. A gain or loss on the sale of land is reported as a special item in the statement of activities.

Buildings – Building costs include both acquisition and capital improvement costs of all city-owned buildings and permanently attached fixtures. Capital improvements include structures such as office buildings, storage quarters, and other facilities and property permanently attached to, or an integral part of, the structure.

Building Improvements - The costs of major improvements to a building which increases its useful life, such as additions, expansions, and renovations, should be capitalized when such improvements add to the value of the building.

Improvements other than Buildings – This asset class includes physical property of a permanent nature used to enhance the quality or facilitate the use of land for a particular purpose, such as park facilities, playground equipment, pavilions, recreation areas, parking areas, fencing, outdoor lighting, and signs. The costs of major improvements to these assets which increases its useful life, such as additions, expansions, and renovations, should be capitalized and added to the value of the asset.

Infrastructure - Long-lived capital assets that are normally stationary in nature and can be preserved for a significantly greater number of years than most capital assets. Infrastructure assets are often linear and continuous in nature. This class includes assets such as roads, bridges, drainage systems, water systems, dams, radio transmission towers, and fiber optic cabling between buildings. Infrastructure paid for jointly by the state and other governmental entities should be capitalized by the entity responsible for future maintenance.

Infrastructure Improvements - Capital events that materially extend the useful life or increase the value of the infrastructure.

Computers and Computer Equipment – This asset class includes computer hardware, software, printers, and related computer equipment used for operations. The cost reflects the actual or estimated cost of the asset.

Equipment – Equipment and machinery used for operations. The cost for this asset type reflects the actual or estimated cost of the asset. This asset class includes telephone and voice mail equipment, office machines, refrigerators, ice machines, generators, air compressors, video projectors, video cameras, light bars, radars, pavers, excavators, rollers, tractors, mowers, loaders, sweepers, etc.

Furniture and Equipment – Furniture, fixtures, and other equipment which are fixed or movable tangible assets used for operations and are not an integral part of a building. The cost for this asset type reflects the actual or estimated cost of the asset. Costs of extended warranties and maintenance agreements which can be separately identified from the cost of the equipment should not be capitalized but should be expensed. This asset class includes certain office equipment, conference tables, desks, chairs, bookshelves, card catalogs, credenzas, and items of a similar nature.

Radio and Communications Equipment – Fixed or movable radio equipment used for operations. The cost for this asset type reflects the actual or estimated cost of the asset. This asset class includes mobile and handheld radios, chargers, dispatch consoles, and items of a similar nature.

Vehicles - Automobiles, pick up trucks, dump trucks, trailers, and other vehicles used for operations. The cost for this asset type reflects the actual or estimated cost of the asset. Costs of extended warranties and maintenance agreements which can be separately identified from the cost of the vehicle should not be capitalized but should be expensed.

Library Books and Materials - This group of assets has a cultural, aesthetic, and historical value which provides an economic benefit with an extraordinary long useful life. These assets provide information essential to the learning process and enhance the quality of the library. Individual items may be less than the capitalization limit, but when all assets of the group are added together, the dollar amount could exceed the capitalization limit. Books and materials not used in the library should be expensed unless the individual value meets the capital asset criteria.

## **ESTABLISHING AND MAINTAINING A FIXED ASSET INVENTORY.**

**General Policy** - The general policy is to capitalize and inventory all assets of the city with an estimated economic useful life in excess of one year that meet the following capitalization threshold:

Land	all land regardless of cost or value
Buildings	\$ 25,000
Building Improvements	\$ 25,000
Improvements	\$ 20,000
Infrastructure	\$100,000
Infrastructure Improvements	\$100,000
Computers	\$ 1,000
Equipment	\$ 2,500
Furniture	\$ 1,000
Radios	\$ 1,000
Vehicles	\$ 2,500
Library Books	\$ 10,000

Assets that are not capitalized are expended in the year of acquisition.

**Master Inventory** - An accurate master inventory shall include a description of the asset, asset identification number, cost, department of responsibility, physical location of asset, date of acquisition, method of acquisition, useful life, current year depreciation, and accumulated depreciation. Construction-in-progress projects will be capitalized when a project is substantially complete, accepted, and placed into service. New acquisitions and expansions or extensions to existing capital assets that meet this policy shall be capitalized. Extraordinary repairs or improvements that increase future benefits from an existing capital asset beyond its previously assessed standard of performance shall be capitalized. Increased future benefits typically include an extension in the estimated useful life of the asset or an increase in the capacity or efficiency of an existing capital asset. Costs of maintenance, alterations, and other changes to a capital asset, which neither materially add to the value of the asset nor appreciably prolong its life, should not be capitalized nor added to the inventory.

**Identification of Asset** – All capital assets subject to inventory shall be marked upon receipt to identify that the property belongs to the city. This identification should facilitate the accounting for the asset, aid in its identification if the asset is lost or stolen, and discourage theft. A pre-numbered, standardized adhesive tag shall be securely affixed to the principal body of the asset where it cannot be removed easily or accidentally, but where it can be readily found. The following guidelines should be used for affixing identification tags:

- 1) Computers, printers, copiers, fax machines, scanners, and similar office equipment – on the back of the machine.
- 2) File cabinets, bookcases, credenzas, etc. – on the front in the upper corner.
- 3) Desks – on the upper right leg or upper right side
- 4) Chairs – on the underside
- 5) Air compressors, welders, generators, etc. – near the manufacturer's I.D. tag

Occasionally it will be impractical or impossible to mark some of the capital assets. Do not mark the asset if it:

- is stationary in nature and not susceptible to theft (such as land, infrastructure, buildings, improvements other than buildings, and leasehold improvements);
- has a unique permanent serial number that can be used for identification, security and inventory control (such as vehicles);
- would lose significant historical or resale value by being marked; or
- would have its warranty negatively impacted by being marked.

In these cases, the identification tag is not required, but sufficient information about the asset will be maintained in the inventory with a unique identifying number.

**Disposal of Asset** – Capital assets are to be removed from active inventory only after being declared surplus by the City Council. Surplus will be disposed of in a manner authorized by state law. Capital asset disposition records will be maintained in accordance with approved records retention schedules.

**Lost or Stolen Property** – When suspected or known loss of capital assets occur, a search should be conducted for the missing property. The search should include inquiries about transfers to other departments, storage, scrapping, conversion to another asset, etc. If the missing property is not found, the individual deemed primarily responsible for the asset and the individual's supervisor and department head shall complete and sign a statement to include a description of events surrounding the disappearance of the property, who was notified of the loss, and steps taken to locate the property. The asset will then be removed from the inventory and records of such removal will be maintained in the same manner as disposed assets.

### **DEPRECIATION GUIDELINES.**

Depreciation is the systematic allocation of the cost of a capital asset over its useful life, rather than deducting the cost as an expense in the year of acquisition. Depreciation normally begins when an asset is purchased or completed. Depreciation will be calculated by month with a full month's depreciation taken for assets acquired anytime during the month. If the asset is disposed of before the end of its useful life, no depreciation is allowed for the month of disposition. Depreciation will be calculated using the straight-line method, where the cost of the asset is pro-rated over the estimated useful life of the asset. The following table represents the useful life of the city's capital assets by asset class:

L	Land	inexhaustible and non depreciable
B	Buildings	40 years
BI	Building Improvements	15 years
I	Improvements other than Buildings	15 years

IF	Infrastructure	60 years
II	Infrastructure Improvements	15 years
C	Computers and Computer Equipment	5 years
EQ	Equipment	10 years
F	Furniture	10 years
R	Radio and Communications Equipment	10 years
V	Vehicles	10 years
G	Library Books and Materials	10 years

**RESPONSIBILITY.**

**Each department head is responsible for:**

- (a) maintaining an accurate inventory of capital assets and safeguarding those assets assigned to the department;
- (b) promptly reporting the acquisition or removal of any asset in accordance with these procedures;
- (c) ensuring that assets assigned to the department are used only in the conduct of city business and not for personal gain or benefit; and
- (d) ensuring that the department observes these procedures.

**The City Secretary is responsible for:**

- (a) maintaining a master inventory of capital assets assigned to each department of the city based on information provided by each department head;
- (b) issuing identification tags;
- (c) distributing to each department head at fiscal year end a copy of the master inventory for the department for verification;
- (d) reporting any instances of non-compliance with these procedures to the city manager;
- (e) recommending amendments to these procedures as they become necessary; and
- (f) ensuring that these procedures are strictly observed.

**The City Manager is responsible for making periodic reviews of the master inventory to ensure strict adherence to these procedures.**

*(This capital asset policy adopted by Council Resolution #2004-21 of September 9, 2004.)*

# **CODE OF CONDUCT**

## **ARTICLE 1. Policy.**

The City of Santa Fe is committed to conducting its business in a fair, open, efficient, and accountable manner. Public officials and employees shall conduct their public and private actions and financial matters in a manner that shall present no apparent or actual conflict of interest between the public trust and their private interest or the interests of third parties. Each official and employee is expected to act in accordance with all laws that may apply to their position, as well to strive to avoid even an appearance of impropriety in the conduct of official business. To implement such policy, the City Council deems it necessary to establish regulations concerning the conduct of public officials and employees, whether elected or appointed, paid or unpaid, to serve as a guide for official conduct. Upon appointment or election to office, each public official and employee should be informed of this code and receive training about the entity's values and the city's expectations of its officials and employees. City Council members, Board members, department heads, and other personnel in areas that might be exposed to unethical behavior will be required to sign a code of conduct statement annually.

## **ARTICLE 2. Standards of Conduct.**

The City of Santa Fe expects its public officials and employees to conduct themselves in a businesslike manner and to promote public trust in government. All business conduct should be well above the minimum standards required by law. The City will not condone the activities of public officials or employees who achieve results through violation of law or unethical business dealings. This includes any payments for illegal acts, indirect contributions, rebates, and bribery. Drinking, gambling, fighting, swearing, and similar unprofessional activities are strictly prohibited while on the job. Public officials or employees must not engage in sexual harassment or conduct themselves in a way that could be construed as such. Using inappropriate language, keeping or posting inappropriate materials in the work area, or accessing inappropriate materials on their computer is strictly prohibited.

### **ARTICLE 3. Conflicts of Interest.**

The City of Santa Fe expects that public officials and employees will perform their duties conscientiously, honestly, and in accordance with the best interests of the City and the community. Use of their position or the knowledge gained as a result of their position for private or personal advantage is prohibited. Use of city property, services, or personnel for personal purposes is prohibited.

Any public official having a substantial personal or private interest, as defined by state law, in any policy or decision made by the City Council or any city board, shall file an affidavit with the City Secretary and shall disclose within the minutes, the nature and extent of the interest and shall abstain from further participation, including discussion and voting, on any matters relating to this interest.

Employees should avoid any obligation, interest, or distraction that may interfere with the independent exercise of judgment in the City's best interest. Employees are encouraged to help with religious, charitable, educational, and civic activities which brings credit to the City; however, employees should avoid acquiring any business interest or participating in any other activity that would create an excessive demand upon their time and attention if such an interest or activity would deprive the City of their best efforts on the job.

Public officials and employees should avoid investing in or acquiring a financial interest for their own accounts in any business organization that has a contractual relationship with the City or that provides goods or services to the City if such investment or interest could influence or create the impression of influencing their decisions in the performance of their official duties. Care should be taken to separate personal roles from City employment when communicating on matters not involving City business.

### **ARTICLE 4. Gifts, Entertainment, and Favors.**

Public officials and employees shall not convey or accept entertainment, gifts, personal favors, special privileges, or any benefit for himself or on behalf of another person that could, in any way, influence or appear to influence, business decisions in favor of any person or organization with whom or with which the City has, or is likely to have, business dealings or a contractual arrangement.

Similarly, public officials and employees shall not accept any other preferential treatment because their position with the City might be inclined to, or be perceived to, place them under obligation. The City strictly prohibits the solicitation or acceptance of bribes, kickbacks, secret commissions, or any benefit as consideration for a decision, vote, recommendation, or other exercise of official discretion as a public official or employee. Any breach of this rule will result in immediate termination of employment and prosecution to the fullest extent of the law.

#### **ARTICLE 5. City Funds and Other Assets.**

Public officials and employees who have access to public funds in any form must follow the prescribed procedures for recording, handling, and protecting the funds. Those who become aware of the evidence of fraud and dishonesty should immediately notify the proper authority. When a public official or employee's position requires spending public funds or incurring any reimbursable personal expenses, that individual must use good judgment on the City's behalf to ensure that good value is received for every expenditure. Public funds and all other assets of the City, such as equipment, vehicles, and facilities, are for public purpose and solely for the conduct of official city business. Therefore, personal use of city assets is restricted to such services as are available to the public generally. In addition, the use of city identification, stationery, supplies, materials, and other equipment for personal or political matters is not permitted.

#### **ARTICLE 6. Records and Communications.**

Accurate and reliable records of many kinds are necessary to meet the City's legal and financial obligations and to manage the affairs of the City. Records must reflect, in an accurate and timely manner, all business transactions. Public officials and employees responsible for accounting and recordkeeping must fully disclose and record all assets, liabilities, or both, and must exercise diligence in enforcing these requirements. Public officials and employees must not make or engage in any false record or communication of any kind, whether internal or external. Such activities shall include but are not limited to false expense, attendance, financial, or similar reports and statements.

## **ARTICLE 7. Privacy and Confidentiality.**

No current or former public official or employee shall, except as required in the performance of official duties, disclose confidential or privileged information gained by reason of their official position, nor shall the information be used for personal interest. When handling financial or personal information, officials and employees should collect, use, and retain the information only for City business. Relevant information should be obtained directly from the person concerned, and only reputable and reliable sources should be used to supplement this information. Information should be retained only for as long as necessary or as required by law. Access to personal information is limited to disclosure as provided by state law.

## **ARTICLE 8. Reporting of Unethical Behavior.**

Unethical behavior or fraud should be reported immediately to any or all of the following City officials: a department head; the City Manager, the City Attorney, the Mayor.

Reports may be submitted anonymously and care will be given to protect the identity of the person submitting the report. Should legal or disciplinary action be warranted, disclosure of additional information may become necessary. All reporting of unethical behavior or fraud will be taken seriously and investigated by the appropriate personnel.

## **ARTICLE 9. Violations.**

The City Manager shall have the authority to discipline employees in accordance with Section 15, Behavior and Discipline Policy, Personnel Policy of the City of Santa Fe. The City Council shall determine whether a public official has violated any provision of this policy, and such public official may be subject to admonishment, censure, or removal from office. Any violation of this policy with the knowledge, express or implied, of the persons or corporation contracting with the City shall render the contract voidable by the City Manager or the City Council. Violations shall also be subject to prosecution to the fullest extent of the law.

*(This code was adopted by Council Resolution #2005-29 of October 13, 2005, and has been reviewed and approved by the Council each year thereafter. The most recent review and approval by Council occurred on July 24, 2014, by Resolution #2014-10.)*

# Purchasing Card Program

## Policies and Procedures

### **1. Purpose**

The purpose of the Purchasing Card Program is to provide the City with an efficient and controllable method of making commodity, service, and travel purchases for the benefit of the City through a credit card issued by a purchasing card provider. This program is designed to promote purchasing efficiency, flexibility, and convenience in accordance with established purchasing rules, policies, and procedures. The benefits of the program are reducing the use of personal funds and departmental petty cash thereby minimizing the amount of paperwork generated by these smaller transactions. This policy serves as a supplement to other City policies and serves as an alternative method of payment for authorized expenditures.

### **2. Policy**

The City Manager shall have the authority to implement the purchasing card program as established by the City Council. Purchasing card users are responsible for compliance with purchasing card policies and procedures. All purchases made on the card must comply with this policy and other applicable city policies.

Purchases made on the card will be for City business only. The card is not a personal line of credit for the cardholder and personal use of the card is prohibited. When in doubt as to whether a purchase is allowable under City policy, the Cardholder should either contact the Department Head before making the purchase, or make payment personally and seek reimbursement from the City afterward. Any out-of-pocket purchase made without authorization is subject to the City Manager's approval.

### **3. Duties and Responsibilities**

#### **A. Cardholder**

1. The employee who is issued a card is called a "Cardholder". The purchasing card has transaction limits for the maximum amount of each transaction as well as the maximum monthly transaction total. The Cardholder will be responsible for preserving the receipts and forwarding the receipts to the department head.
2. Each Cardholder shall use the card only for authorized purchases in accordance with this policy and other applicable city policies. A hardcopy receipt must be obtained from the vendor each time the card is used. Online and telephone purchases must also be documented by a receipt, so the Cardholder shall request such receipt from the vendor.

3. The Cardholder is responsible for immediately notifying the City Manager, City Secretary, and department head if the card is damaged, lost, or stolen.
4. Each Cardholder must acknowledge receipt of the purchasing card, understand the rules of usage, and sign the user agreement. Failure to abide by this Purchasing Card policy may result in disciplinary action, including termination of employment. In addition, the Cardholder will be required to reimburse the City for any unauthorized transactions.
5. The Cardholder is required to ensure that all goods and services purchased with the card have been received, credits have been received for returned merchandise, and duplicate billings are not approved. Billing discrepancies will be the sole responsibility of the cardholder to resolve.
6. Upon resignation or termination of employment of a Cardholder, the supervising Department Head shall notify the City Manager immediately and the card shall be turned in to the City Manager.

#### **B. Department Head**

The Department Head is responsible for designating Cardholders, for approving the Cardholder's usage of the purchasing card, and for ensuring that Cardholders are properly trained in the use of the purchasing card. The Department Head will ensure that purchases are authorized and will approve each monthly statement before forwarding the statement and hard copy receipts to accounting for processing. The Department Head may suspend or revoke use of any card under his direct control.

#### **C. City Manager**

The City Manager is responsible for managing the purchasing card program and for ensuring that Department Heads are properly trained in the use of the purchasing card. The City Manager will monitor all usage of the card and is the point of contact for any Cardholder questions or problems. The City Manager is responsible for ensuring strict adherence to this policy and shall take appropriate actions, including suspension or revocation of any card, to guard the city against infractions or potential infractions.

#### **4. Transaction/Card Limits**

Individual purchasing card transaction limits will be determined by the City Manager but may not exceed \$10,000 per month for combined use of all the city's purchasing cards.

## **5. Sales Tax**

As a tax-exempt government agency, the City of Santa Fe does not pay sales tax. Cardholders are responsible for ensuring that the merchant does not include sales tax in the transaction. A sales tax exemption certificate will be provided by accounting upon request. If tax is included, the Cardholder may be responsible for reimbursing the tax amount to the City. However, sales tax charges at restaurants are difficult to have removed and will be paid by the City without penalty to the Cardholder.

## **6. Returns**

Each Cardholder is responsible for coordinating returns with the vendor and making sure a proper credit slip is obtained. Credit should be issued to the Cardholder account. Cash refunds are only allowed when the vendor's policies dictate refund transactions in cash rather than credit. In these rare instances, the cash must be returned to accounting immediately with accompanying documentation.

## **7. Usage**

- A. The purchasing card may be used for the following expenditures:
  - 1. Purchases consistent with the purchasing policy, approved budget, and other applicable policies.
  - 2. Any business-related purchase as long as the vendor accepts credit cards.
  - 3. Any transaction that does not exceed the individual or combined transaction limit.
- B. Supporting documentation in the form of a credit card receipt must accompany each transaction. If a receipt is lost, the Cardholder must attach a written memo explaining the purchase transaction. The memo will be submitted to the Department Head for approval. Employees who repeatedly lose receipts will be subject to card revocation.

## **8. Restrictions and Exemptions**

- A. It is the responsibility of the Cardholder to be aware of the restrictions and requirements of this purchasing card program and abide by them. Unauthorized use is prohibited.
- B. Employees may *not* use the card for the following:
  - 1. Any purchases of items or services for personal use, including spouse and family expenses. Only city business expenses are allowable. Personal expenses should be paid separately by the Cardholder.
  - 2. Cash advances.

3. Any purchase of goods/services at an establishment at which a reasonable and prudent employee exercising good judgment would not utilize the City card to render payment, considering the interests of protecting the City's public image, ensuring proper expenditure of tax dollars, and avoiding even the appearance of impropriety.
  4. Any transaction amount greater than the Cardholder's transaction limit.
  5. Alcohol or liquor of any kind.
  6. Separate, sequential, and component purchases, or any transaction made with intent to circumvent the City purchasing policy.
  7. Any other purchase specifically excluded in the City Purchasing Policy.
- C. If the Cardholder has any question regarding the appropriateness of an establishment to be patronized or expenditure to be incurred, the employee should obtain advance authorization from the City Manager for the purchase or refrain from using the City card and choose an alternative method of payment.

#### **9. Unauthorized Transactions**

All unauthorized purchases must be resolved in an appropriate method so that the City does not bear the cost of the purchase. The Cardholder will return the unauthorized item to the merchant for credit on the card account and will submit the credit receipt to the Department Head. If the item cannot be returned, the Cardholder will be required to submit payment for the full amount of the unauthorized purchase to accounting immediately following such purchase. If payment is not received, the amount of the purchase may automatically be deducted from the Cardholder's next paycheck. In addition, an unauthorized purchase may subject the Cardholder to disciplinary action up to and including termination of employment and revocation of card privileges.

#### **10. Summary**

As a public entity, the City is expected to demonstrate to the public that tax dollars have been expended prudently and wisely. All participants in the purchasing card program are responsible for ensuring purchases made with the card will withstand the scrutiny of the press, the public, and internal and external audits. Therefore, the Cardholder must make sure that adequate documentation is submitted for each purchase, including a clear explanation, reason, and purpose for the purchase. All goods and services must have been received and utilized for City business, in accordance with city policies, or returned for credit.

# CITY OF SANTA FE CAPITAL IMPROVEMENTS PROGRAM

## I. Summary

The City of Santa Fe Capital Improvements Program (CIP) is a statement by which the City identifies long-range plans for major capital expenditures and matches them with available resources. Capital Projects such as new buildings, street improvements and equipment purchases are recognized and can be budgeted appropriately on an annual basis. The CIP allows budgetary plans for any one fiscal year to be consistent with intermediate and long-range plans, especially since capital assets and projects usually require a steady effort and funding over a number of years. The Santa Fe CIP provides a five-year planning schedule and identifies options for financing the plan.

This type of pre-planning allows the city to keep tax rates stable and provides for greater accountability to the public. The CIP is also a valuable source of information for elected officials and the public regarding proposed public facilities and their costs. As a long-range planning tool, developers utilize the Capital Projects information provided within the CIP to perform feasibility studies and identify urban growth patterns. Elected officials are also in tune with long-range plans identified and prioritized by the CIP Committee that will need to be funded as time and budgeted resources allow.

A Capital Project included in the CIP requires a total expenditure of at least \$ 100,000 and have a useful life of over 5 years. The City of Santa Fe Capital Asset Policy values assets and projects by costs including ancillary costs such as legal fees, professional fees, site preparation fees, survey costs, insurance, installation and any other costs necessary to place a building or structure into its intended location. Direct costs such as land, equipment, materials and the fair market value of donated assets are included in Capital Planning.

## II. Financing

### **REVENUE SOURCES**

The City of Santa Fe has few revenue sources to finance capital projects. The planned uses of these sources are reflected in the FY 2013-2017 Capital Improvements Program. The following describes the City's major revenue sources:

#### ***General Fund***

This funding source originates from revenue generated from city tax revenues, fines, forfeits, utility franchise fees, license and permit fees

## CITY OF SANTA FE CAPITAL IMPROVEMENTS PROGRAM

and other miscellaneous general revenue sources. Grants and donations are typically accounted for in the General Fund.

CIP projects that are proposed to be funded via the annual operating budget are intended to be included in the annual budget in the appropriate year. Funds for such projects are not available unless and until they are approved by the City Council.

### ***Installment Sales***

The City may enter into an installment sales contract for a building or for equipment using that building or equipment to secure the financing, similar to a mortgage transaction. The City does not pledge the use of its taxing power to pay the contract. The City Council must approve the use of installment sales contracts.

### ***General Obligation Bond***

The City may borrow money from lenders, pledging the full faith and credit of the City to pay the loan through property tax revenue. This method generally requires both the approval of voters through a referendum and the approval of the City Council.

The City would sell general obligation bonds to pay for expenses associated with capital projects. Bond sales would be held throughout the year as needed. General obligation debt can be managed using bond anticipation notes to ensure that the City does not incur debt service earlier than necessary to avoid arbitrage problems.

### ***Revenue Bond***

The City may borrow money from lenders, pledging the revenues from projects that will generate the revenue to pay the debt. Because of the nature of the security, revenue bonds do not require voter approval. Like general obligation bonds, the City would sell revenue bonds once a year to pay for expenses associated with capital projects.

### III. Types of CIP projects

**Justice Capital projects** have two components which include both the Police and local Court. Capital expenditures for these groups are facilities, major equipment and capital upgrades for communications. Facilities projects include emergency operations, training facilities, existing building renovations, and building upgrades.

**Streets Capital Projects** consist of Streets and Drainage. Street projects such as new roads, traffic signals, traffic studies, and streets reconstructions or rehabilitations are based upon the City's Major

## CITY OF SANTA FE CAPITAL IMPROVEMENTS PROGRAM

Thoroughfare Plan and traffic studies. Drainage projects would include master drainage plans and studies, drainage infrastructure construction based on the studies, maintenance or repairs to existing facilities, and major equipment such as Grad-alls, dump trucks, and mowers for constructing and maintaining drainage projects.

**Parks Capital projects** comprise community park improvements, community center improvements, beautifications and trails. Community Park improvements consist of major projects such as land acquisition, ball fields, restrooms, pavilions, park structures renovations and upgrades. Facility improvements exceeding \$100,000 in cost to the Thelma Webber Center, Joe A. Tambrella Park and Mae Bruce Annex Park are included under the parks category.

**Facilities Capital projects** consist of new construction and/or renovation of existing facilities to accommodate staff growth and building reuse. These buildings are for general public use and do not fall under other capital project types. Library expansion is included in this description. A municipal complex which would house police, judicial and administration services would also fall under this category.

**Community Services Capital Improvements** would consist of equipment upgrades for use in building inspections, code enforcement, and planning. Purchases would need to meet the criteria in the Capital Asset Policy.

The above information may be revised and extended each year with regard to capital improvements still pending or in process of construction or acquisition

**Estimating CIP costs**

The City of Santa Fe CIP is geared for projects with a five-year completion period. Each Capital Project has a timeline for development based upon the date of completion. Estimating each project's cost generally requires determining a completion date and working backwards. Present costs are estimated using current cost data. By using a conservative inflation factor of 3 percent, the costs can be projected from the time of design to the date the project should be completed. When looking at a completion date for a project, the time of design may need to be extended to allow for revision of the design to meet budget constraints. Time for land acquisition should also be factored into the timeline for completion of the project.

## CITY OF SANTA FE CAPITAL IMPROVEMENTS PROGRAM

### VIII. Capital Projects Delivery Process

The City Manager must submit a five year capital program as an attachment to the annual budget. The capital program includes the proposed program by the planning commission and comments by the City Manager. The program includes:

1. A clear general summary of its contents;
2. A list of all capital improvements which are proposed to be undertaken during the five fiscal years succeeding the budget year, with appropriate supporting information as to the necessity for such improvements;
3. Cost estimates, method of financing and recommended time schedules for each such improvement; and
4. The estimated annual cost of operating and maintaining the facilities to be constructed or acquired.

The CIP must be approved and adopted by the City Council. The Council will then begin the funding process based upon possible revenue sources identified in the program. Formal requests for proposals for projects will be processed. Proposals must fall within general costs identified or the CIP and Budget will be amended.

**APPENDIX G**

**WAGE AND  
SALARY PLAN**

# **SALARY PLAN**

## **I. Basis**

The City Manager shall cause to be prepared, subject to required City Council approval, a salary plan for City employees. The plan shall designate a class for each position in the workforce and a step pay range for each class. Employees will be compensated in accordance with such plan. In positioning classes on the salary schedule, consideration shall be given to prevailing rates of pay among public sector employers of similar size and scope; the duties, responsibilities, and qualifications required of employees in the classes; and other relevant factors. The entire salary plan will be reevaluated every three years. *(most recent review was 9/2011)*

## **II. Administration of Salary Schedule**

The salary schedule shall be administered in accordance with the following rules:

A. Normally, the introductory appointment will be to Step A. Based on significant prior experience or other relevant qualifications, the appointment can be to Step B or higher with City Manager approval.

B. After satisfactory completion of the initial introductory period, an employee becomes a "regular employee" and is eligible for a pay increase of two steps. The introductory period is governed by the City's Personnel Policies.

C. After completion of the action and step advancements outlined in A and B above, future step advancement is subject to the annual performance evaluation. After such annual evaluation, salary actions are taken according to the following guidelines:

1. When the employee has performed unsatisfactorily, there shall be no salary increase. Such unsatisfactory performance will be handled as otherwise provided for in the City's Personnel Policies. An employee placed on disciplinary probation for a performance or behavior problem will receive no pay increase even from a general pay plan adjustment.

2. When the employee's performance has been satisfactory, a one step (2.0%) salary increase should be given to the maximum of Step F. For a very good (well above average) performance, a one and one half step (3.0%) salary increase should be given. For outstanding performance, a two step (4%) salary increase should be given. No increase shall be made past Step L.

3. In order to reward the very good and outstanding employees who are topped out, a performance bonus is provided. This award is a one-time bonus payment which does not become an employee's salary base. The reward shall be based on 15% and 20% of one month's salary respectively. The employee may elect to receive the equivalent of this performance bonus in special leave days which will be added to the employee's balance of vacation days and handled the same way as provided for in the policy on vacation leave.

4. An employee at Step J 1/2 and receiving an evaluation of outstanding shall be advanced to Step L and receive a performance bonus of 8% of one month's salary. An employee at Step K and receiving an evaluation of very good shall be advanced to Step L and receive a performance bonus of 8% of one month's salary. An employee at Step K and receiving an evaluation of outstanding shall be advanced to Step L and receive a performance bonus of 10% of one month's salary. An employee at Step K 1/2 and receiving an evaluation of very good shall be advanced to Step L and receive a performance bonus of 10% of one month's salary. An employee at Step K 1/2 and receiving an evaluation of outstanding shall be advanced to Step L and receive a performance bonus of 12% of one month's salary. An employee at Step L and receiving an evaluation of very good shall receive a performance bonus of 15% of one month's salary. An employee at Step L and receiving an evaluation of outstanding shall receive a performance bonus of 20% of one month's salary.

5. If an employee's performance appraisal is satisfactory and the employee is at or above the maximum step for that rating (Step F), then the employee will not receive an increase.

D. Notwithstanding any other provisions herein, the City may impose a freeze on performance pay increases, as budget constraints may dictate. During such freeze, the employee will continue to receive annual evaluations, but no salary or step advancement shall occur.

E. When an employee reaches the top of the pay grade for the position or at the time a position becomes vacant, the position and its classification in the salary plan will be reevaluated with respect to the factors cited in "I-Basis" above. If such reevaluation does not result in a reclassification of the position, then no further base salary increases will take place.

F. When an employee is promoted, that employee should be placed in a step which is at least two steps (4%) in pay up from the employee's present step in the pay plan. The new position will be considered an introductory appointment and handled as described under the appropriate section of the Personnel Policy. Upon completion of the introductory period, the employee should be given at least a one step (2.0%) increase.

G. A former employee reinstated pursuant to these rules shall be compensated on a step of the approved ranges as administratively determined.

H. Members of the collective bargaining unit are not covered under this salary plan.

I. Upon request by the City Council, the City Manager will submit a written report to the City Council indicating the results of department head performance evaluations and any resulting salary increases.
